ADD St., Sampaloc, Apalit, Pampanga. 🏠

OBJECTIVE

Enthusiastic Information Systems undergraduate with a strong foundation in software development, coding, and web technologies. I seek to leverage my academic background and technical skills in a challenging role at CGI, contributing to innovative projects and further developing my professional abilities.

EDUCATION

La Verdad Christian College

Bachelor of Science in Information Systems
expected Graduation: June 2026

SKILLS

- **Communication:** Strong verbal and written communication skills developed through academic presentations and group projects.
- **Time Management:** Proven ability to manage multiple tasks and meet deadlines effectively.
- **Adaptability:** Willing to work on shifting schedules, including mid and night shifts, and adaptable to a hybrid working environment.

TECHNICAL SKILLS

- **Programming Languages:** PHP, Python, Java, JavaScript, HTML, CSS
- **Web Technologies:** Netlify, Node.js
- **Software Development:** Object-Oriented Programming, Agile Methodologies
- **Tools:** Visual Studio Code, GitHub, Figma, Git, Github, Replit, XAMPP
- **Databases:** MySQL, MongoDB

CERTIFICATIONS

- Bachelor of Science in Information Systems 1st Year - President's Lister (A.Y. 2022-2023)
- Bachelor of Science in Information Systems 2nd Year (1st Semester) - President's Lister (A.Y. 2023-2024)

PROJECTS

Responsive Web Design for Cebu Institute of Medicine
Role: Lead Developer

- Developed and redesigned the school website using HTML, CSS, JavaScript, and Node.js.
- Designed and implemented a user-friendly interface to streamline student data management.
- Implemented a responsive web structure for both mobile and desktop displays.
- Utilized Figma in the design phase and wireframe constructions, serving as a prototype to guide the developers in creating the website.

KDRAC Titans Mobile Hi-Fi Prototype

Role: UI/UX Design Director

- Created a responsive mobile application that applies a high-fidelity prototyping method using Figma.
- Collaborated with classmates acting as technical writers in writing a comprehensive project documentation.
- Utilized Gantt Chart in project management, including identifying, distributing, and scheduling the task sequence.
- Conducted usability testing and incorporated feedback to improve UI/UX design.

Leadership Experience

Candidate, Association of ICT Majors Election
La Verdad Christian College, Apalit, Pampanga
June 2024 - Present

- Collaborated and organized assigning other candidates to fill all committee head positions within our class.
- Formulated individual platforms that will help, encourage, and build competent ICT students as a preparation for the next generation of AIM officers.
- Attended the online AIM Elections and presented our platforms to fellow students, AIM officers, instructors, and program heads.
